NADI *Nights 1–2*

Private home with pool — comfortable, home-style

Your first nights are spent in a comfortable self-catering home tucked away in a quiet residential neighbourhood of Nadi. It has all the conveniences of home and a pool to cool off after a day in the sun.

LABASA *Night 3*

Budget hotel — simple, convenient, classic Fijian charm

In Labasa you'll stay at a classic budget hotel. A little frozen in time, offering a glimpse into Fiji's past with its old-school charm. Simple but convenient, and a great base before heading into the highlands and coastlines of Vanua Levu.

SAVUSAVU *Nights 4–5*

Boutique hilltop lodge — carefully styled, panoramic bay views

Perched above Savusavu town, this is a boutique property with just a few carefully styled rooms. Views stretch endlessly over the bay and every detail is thoughtfully designed. Please note it's a steep hill to get there, pick-ups by truck are available and we coordinate this to make it seamless.

VUADOMO VILLAGE *Night 6*

Village homestay — very basic, deeply authentic

For one night you'll experience authentic Fijian village life. Accommodation is very basic: shared bathroom, no hot showers, simple facilities, and expect some noise from daily village life. Each couple will have their own room within a local family's home. This stay is all about connection, hospitality, and living Fiji as it truly is.

PRIVATE ECO ISLAND *Nights 7–8*

Private eco-island resort — beachfront bungalows, all-inclusive, boutique luxury

To finish the journey you'll stay on a private eco-conscious island retreat. With beachfront bungalow accommodation, all meals included, and daily maid service, this is the perfect spot to unwind. Kayaks, SUPs, and some of Fiji's best snorkelling and diving are right at your doorstep!
